ABOUT THE COMPANY

WHO ARE WE

Meraki is a Limited Liability Company (LLC) in Egypt since december 2017. Meraki is designed to improve the performance and efficiency of the building it manages.

Although our roots are in design and build, today we provide all the services needed to create and manage properties. We are involved from the initial design phase through construction to ongoing maintenance and facilities management.

Our purpose is to fulfill challenges, increase assets' life expectancy, manage cost and improve operations efficiency. Since no buildings are alike, we employ custom-made strategic plans and solutions for each building that we manage in order to cover all aspects thoroughly and successfully.

OUR VISION

To give our clients the experience of an inhouse serving team with all the business benefits of an outsourced service. We aim to deliver professional integrated FM services that bring the best value for money across all different sectors, To be a leader in the Facility Management industry in the Middle East.

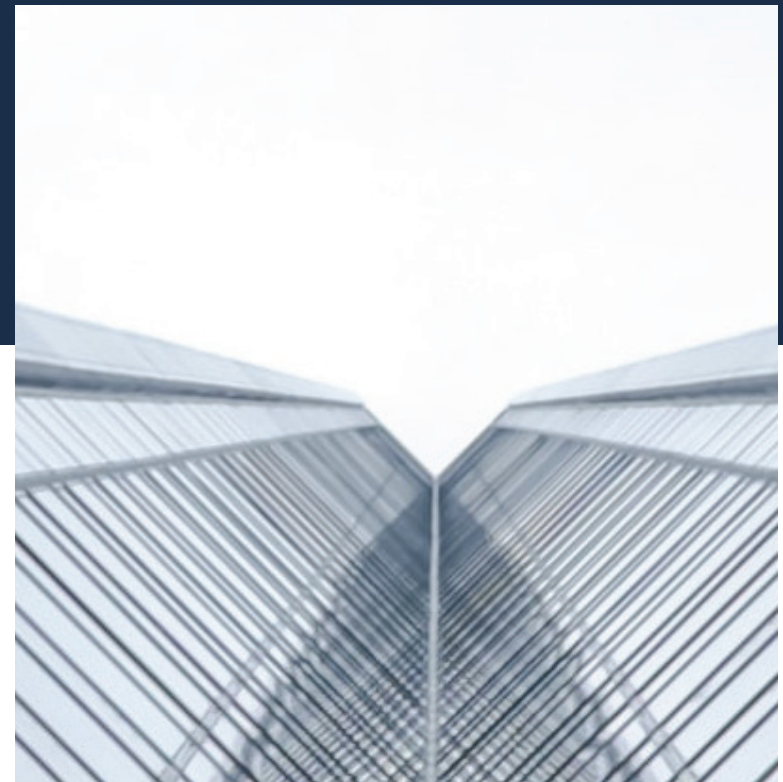

OUR MISION

Building long term relationships with our customers and provide exceptional customer services through innovation and advanced technology.

We invest in our staff to provide our clients with enhanced sustainability services that will make their business grow quickly.
